

## **2010...Some Producers Going to CASH ONLY**

Bad checks are increasingly becoming a major problem. The WTRC has always kept its policy not to publish a black list or a bad check list. We plan to keep this policy. We do not feel the need or want to embarrass anyone but the high volume of insufficient checks has forced producers and the WTRC to take certain measures. For the 2010 season, be sure to check each flyer for the words CASH ONLY. This will be at the Producers discretion. Some ropings might remain the same by accepting checks but Producer's have the option.

If the roping advertises CASH ONLY, that producer will not be allowed to accept a check from anyone. Please understand the producer's position on this as he wants to be fair and cannot show favoritism. We apologize to those of you who have never written a bad check but it is a WTRC rule that if it is advertised CASH ONLY that rule applies to everyone.

So plan ahead. If the roping is advertised as CASH ONLY, be prepared.
